

- الاسم: أشرف مصطفى محمد الحشاني
- الدرجة العلمية: أستاذ
- الكلية: العلوم
- الإيميل الأكاديمي: [edy.lyashraf.elhashani@uob.edu.ly](mailto:edy.lyashraf.elhashani@uob.edu.ly)

## المهام

يشغل د. الحشاني منصب رئيس القسم و ,شارك في الحصول على الاعتماد البرامجي والأكاديمي لبرنامج الدكتوراه بالقسم بالإضافة لكونه مندوب في اللجنة العلمية بالجامعة كذلك يتأخر مجموعة بحثية في مجال الكيمياء الفيزيائية.ويركز على تدريس مواد الكيمياء الفيزيائية ( النيرموداينمك والحركية و الكوانتم وخواص المواد والبوليمرات).

## المسار الأكاديمي

انضم بوظيفة معيد بالجامعة عام 1992 كما شغل منصب عميد لكلية الصيدلة بالجامعة البريطانية الليبية والتي ساهم في اعداد البرنامج الأكاديمي لها ، كما قام بالإشراف على العديد رسائل الماجستير على طلبة جامعة بنغازي وكذلك طلبة الدراسات العليا في الأكاديمية الليبية فرع اجدابيا وفرع بنغازي بالإضافة لتوليته منسق الجودة في مدرسة العلوم الأساسية للأكاديمية الليبية فرع اجدابيا وأيضا منسق مادة الكيمياء لطلبة اعداد الطب والهندسة جامعة بنغازي .

## المجالات البحثية

تحصل الدكتور الحشاني على الترتيب الثاني على مستوى جامعة بنغازي والخامس علي مستوى ليبيا و 1162 علي مستوى القارة الأفريقية للعامين 2021 و 2022 م علي التوالي حسب التصنيف العالمي البيردوجر للعلماء في تخصص العلوم الكيميائية و قد تحصلت الأبحاث علي 386 استشهاد حسب google scholar و  $i10\ index=14$  و  $H\ index$  يركز في اهتمامته على تحضير و توصيف الأفلام المتناهية في الصغر ( film thin-Ultra) في مجال النانو كذلك تحضير الأغشية المستخدمة في عمليات الفصل التي تحتوي علي البولمرات المشحونة والمركبات العضوية والغير عضوية بالإضافة إلى دراسات علي الغرويات والمواد النشطة سطحيا Surfactants وترابطها مع الأصباغ، كما يهتم بدراسة استخدام المخلفات النباتية كمادة مازة بديلة لفحم شاركل واستخدامها في عمليات التنقية.

## **الأنشطة العملية المهنية**

عمل محكم في العديد من المجالات العالمية والمحلية كذلك قام بتقييم الورقات العلمية في بعض المؤتمرات المحلية بالإضافة لعضويته في الجمعية الكيميائية الليبية \_ فرع بنغازي كذلك هو مقيم جودة مواد التنظيف المستوردة من حيث المقاييس العالمية

## **المنشورات**

### **List of Publications, Books and Conferences:**

- [1] On Kinetics of Iodination and Photoiodination of Acetone in Dilute Aqueous Solutions” M.Sc. Thesis, University of Benghazi, 1999. Benghazi Libya.
- [2] Determination of the rate constants of non-catalytic and catalytic iodination of acetone by electrochemical methods, Egypt. J. Appl. Sci (17) 2002, 446.
- [3] Highly selective ion transport across layer-by-layer assemblies of p-sulfonatocalix[n]arenes and cationic polyelectrolytes, Adv. Funct. Mater. (15) 2005, 700.
- [4] Multilayer membranes of p-sulfonato-calix[8]arene and polyvinylamine and their use for selective enrichment of rare earth metal ions, Appl. Surf. Sci. (246) 2005, 437.
- [5] Multilayer membranes of p-sulfonato-calix[8]arene. 42<sup>nd</sup> Meeting of the German Colloid Society Smart Materials (foams, gels and microcapsules),

September 26-28, 2005, Aachen Germany.

[6] Electrostatic layer-by-layer assembly of ultrathin films containing hexacyclen and p-sulfonato-calix[n]arene macrocycles, *J. Nanosci. Nanotech.* (6) 2006, 1710.
